### **IEEE Student Branch STB15721**

**06/08/2016**

#### **Sub: Talk on “VALUE OF IEEE MEMBERSHIP” Report – Reg**

IEEE GPREC STB (15721) of our college organised a talk by Madhav Negi (Associate Director-Global PMO, CSC, Hyd) on 06-08-2016 from 10:30-11:15 am. Students from EEE, CSE, ECE branches attended the guest lecture.

Student Chair Miss. Suraiah Thaseen gave the introduction of Madhav Negi . Dr Madhav Negi is presently working as Associate Director- PMO. Madhav Negi sir has over 20 years of experience working with companies like CSC, Mahindra Satyam, Ramco Systems. Varied domain experiences on e-business, enterprise applications, B2C, e-learning, product development, ERP(Ramco Marshal), enterprise initiatives, leadership development, strategy development and implementation.

The session was all about importance of IEEE memberships and its benefits; It was about how IEEE student memberships are growing worldwide. Students came to know how IEEE is divided into regions worldwide and statistics of IEEE memberships and its student branches. They also got to know how IEEE membership is useful in Technically Current, Career Resources and Recognition, Professional Networking, Continuing Education, Financial Benefits, Humanitarian Programs, etc., and also got the information of some students engaging activities like IEEE XTREME contest, awards and financial rewards to encourage and recognise the student branch activities. The session was very interactive and made the students know how IEEE STUDENT MEMBERSHIP is serving and preparing the next generation of leaders.

At the end of this session Dr. D. Kavitha, Computer Society Advisor and Sri C. Harinath Reddy, Branch Counsellor (Asst. professor of EEE department) thanked Madhav Negi for his talk and advised students to make use of IEEE Membership.
