

G.PULLA REDDY ENGINEERING COLLEGE (AUTONOMOUS) KURNOOL

IEEE STUDENT BRANCH 15721

A Report on Visit to Belum Caves for Humanitarian Project

DATE: 07-08-2016

Co-curricular pursuits are essential to the educational program and whether or not they carry credits in the curriculum. In view of this, our college has planned a Humanitarian project under IEEE Student Branch [STB 15721] at the Belum caves.

We started our journey from Raj –Vihar at 7:30 AM along with our branch counselor **Sri.C.Harinath Reddy sir** and reached the Belum Caves around 1 PM. There we had a briefing session with **Dr M. Lakshminarayana Sir** , **Sri Madhav Negi sir** ,**Chakrapani (Chak)** sir and some eminent people. Later we divided into four groups and entered the caves and we encountered several problems and experienced a lot of things. Later we had a debriefing, there, we the students expressed some ideas regarding the problems that we faced at the caves.

Later on we had our lunch and some photo session and we headed back to Kurnool and reached the campus by 7:30 PM.

The Objective of this trip is to get experienced and then problems are to be formulated s that humanitarian project can be taken u in association with IEEE Hyderabad Section.

The target audience for this event is Student members of IEEE.
