Sub: Awareness Programme on “IEEE Computer Society-Advantages” by IEEE Student Members to the CSE Department Students – Reg

An awareness program for CSE department was conducted on IEEE Benefits and Computer Society by two IEEE student members, namely, M. Meghana and K. Seshunath on 7th August 2014. 50 students have attended this awareness program. In this Power point presentation Meghana explained about IEEE and its introduction. She gave a brief description on history of IEEE, its foundation and the societies contained in it. After the introduction to IEEE, Seshunath explained about the computer society in IEEE. Everybody followed attentively. He enveloped their minds with the benefits and its advantages. The response from students was quite good. Most of the students were impressed and were readily took the membership. A few photographs of this program are given below:
