After the introduction of Executive committee members the Chairman of Subsection gave a presentation on the following topics.

- Functionality aspects of Subsection
- Functionality aspects of SAC
- Functionality aspects of SB and role of SBCs
- Renewals / updating data of SBs
- YP Activities
- WIE Activities / Branches formation
- Proposals for various Activities from SB/SAC/SS

The chairman also discussed about the financial aspects to be needed for smooth running of subsection.

After the Chairman presentation, the Secretary of Subsection discussed about the activities to be taken up such as technical, non technical and professional activities. She also suggested that the activities must not be related to only CSE, ECE and EEE but to be conducted for all departments in different fields. She requested the volunteers for taking an initiation branch wise and need to submit the topics or activities to be conducted on or before the second subsection meeting.

Later on the Vice Chair briefed about the need for active involvement of present student branches under Ananthapur subsection and also he suggested that the students of GPREC IEEE Execom should take part in improving the activities and strengthening of student members under IEEE Ananthapur Subsection.

Then the Chair of MDC gave a brief talk on Membership development activities to be taken up for this year both Professional as well as student members. And he requested to all branch counselors to submit the actual professional and student members strength in each college by the end of April 2017.

And then the Vice chair of SAC talked about the important activities to be conducted for improvement of student members strength and suggested an event i.e IEEE Ananthapur Subsection congress which will help the students and encourages them to be a part of IEEE Ananthapur Subsection.

Later on the SAC Secretary gave a presentation on IEEE vTools in order to get awareness for all the members of Subsection as well as Executive committee.

The student branch counselors from different colleges were allowed to express their views with the permission from the chair and noted the points raised by them.

Before the conclusion of meeting it is resolved to get list of activities to be conducted from various student branches as well as at subsection level. And awareness programmes are to be conducted in various engg colleges during the Odd semester of 2017-18 academic year. Also Distinguished lecture programmes are to be organized and a list of well experienced as well as renowned professionals are to be identified for Subsection.

At the end the Secretary gave vote of thanks and the meeting was concluded. The following are few snap shots of the meeting.
