Sub: IEEE-Report on TECHTHRUST event

On the occasion of Science Day on 28th February 2016, in order to mark the discover of Raman effect by Indian physicist SIR CHANDRA SHEKARA VENKATA RAMAN, IEEE Student Branch of our college conducted an event called TECHTHRUST in which 4 programs were conducted and it is especially for ECE(to encourage students towards IEEE) on 3rd march 2016 from 9.15am-5.15pm. The main objective of conducting this event is to enhance the innate technical talents of student members through various events such as creativity, tech hunt, tech quack, just a minute etc in which technical related topics are considered. Also before the start of the events a message is given by the Branch counselor, faculty of ECE department about the significance of Science and Technology developments and its applications in our daily life.

The following are the photo snaps of this event:
