## **IEEE Student Branch STB15721**

29/03/2015

**Sub: Guest Lecture on “How to be Productive enough that companies look for you” Report - Reg**

IEEE WIE AG of our college organized a guest lecture by Ms. Sindhoora Mokshagundam(Pod Lead at serco) on 27-03-2015 from 10:15-12:30 pm. 54 Students from EEE, ECE, CSE branches attended the guest lecture. The session was all about career building and interpersonal skills, It was also about empowering women to know about themselves and have check points in their life about what to do. Students came to learn that one should realize what their dream is and what steps should be taken to achieve it. Furthermore they understood that a woman has to be independent and should be able to enhance her entrepreneurship skills. They also learnt that they need to be interactive as well as communicative in order to be as a team player as well as team leader and need to get good exposure to the outer world. All over the session was very interactive and energetic and made them to know that one should move along the world to achieve their dreams and excel in their particular interest.

Gathering during the session

Presentation of memento to Ms. Sindhoora
