Sub: IEEE WIE AG- STAR PROGRAMME Function Report - Reg

Social responsibility is one of the characters that is to be developed by all students during the course of study. In this context, WIE AG of our college has conducted a STAR programme on “Awareness on Computer basics”, basic DC Generator working principle and Electromagnetic Induction principle for M.Hussain Appa Government school children of 6th, 7th, 8th, 9th and 10th Standard (A total of 150 school children) on 6.12.2014. The school is located in C-Camp, which is 4 km away from our college and 3 Km from District headquarters.

we started this programme at 3.00 PM by taking a few group of WIE AG members (3 faculty members + 30 student members) and demonstrated the parts of computer and laptop. Also they were explained how to use Microsoft paint, Note pad, and Word pad. Also they were made to practice and were clarified doubts by all the members present. MS.Meghana and Mr.Seshunath of III EEE demonstrated the working model of DC Generator and electro magnetic induction principle to 9th and 10th class students. At the outset the school, children were very happy to get learnt about the computer and its use in day to day life as well as for learning purpose. This programme went on well till 5.00 PM and the Headmaster of the school appreciated the efforts of IEEE WIE AG members.

Demonstration to school children by IEEE WIE Student Volunteers

Practice in the session by school children

IEEE WIE Faculty, Student volunteers along with school children gathered during the “STAR PROGRAMME”.
